

**Sizzle Concierge**

The risk-free experience portal that delivers consumers directly to your door.

**Forging deeper consumer/experience relationships**

## Sizzle Concierge is a seamless connection from search through purchase

Consumers search Sizzle Concierge inside the Watch section of the app.

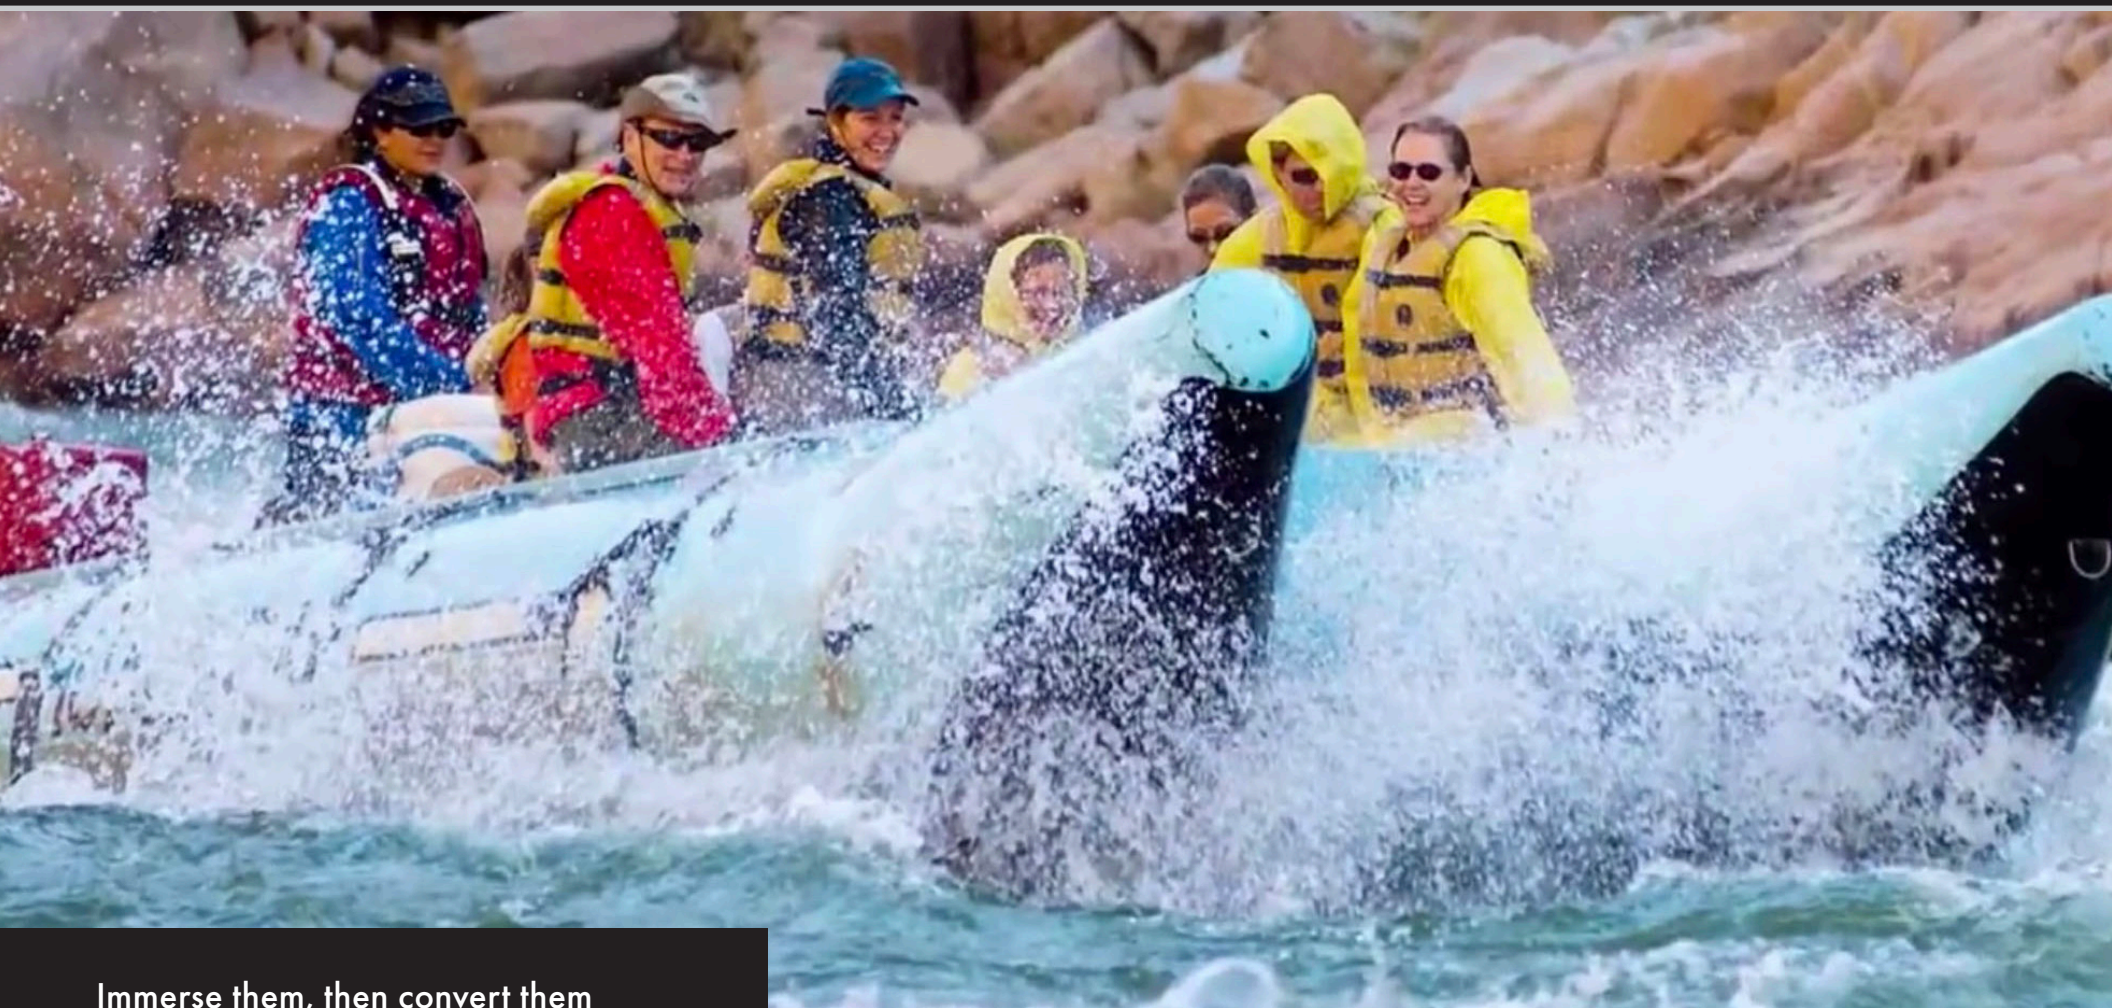

Content is searchable by city and by more than 50 categories of experiences.

In a world of lockdown, everyone is planning what their fun next experiences are going to be. Sizzle whets their appetite and exposes them to your experiences – risk free to you! Once they find you in Sizzle, you may direct them to purchase tickets, make reservations, book

experiences and much more.

The Sizzle Concierge will play your video of choice from your YouTube channel.

It will link your video to any page of your website that you desire. Either the home page or your reservation page is recommended.

## Immerse them, then convert them

- Seamlessly interconnect your promotional media in print, video and web
- Entice the consumer with your experience using your video on YouTube
- The consumer may click through at any moment in your presentation
- Your video is interchangeable with 24 hours notice
- Connect the consumer to any landing page of your choice
- One click connects the consumer to your phone line

Here's what you need:

- 1) A link to your selected video on YouTube
- 2) An introductory paragraph of information
- 3) The specific web page on your website you would like the consumer to connect to.
- 4) Contact Sizzle and we'll provide a tracking pixel to install on your site
- 5) Sizzle will take it from there and program it into our platform.
